

Tualatin Valley Water District

Ridgewood View Park Reservoir & Pump Project

Open House Summary

September 23, 2014

5:30-7:00 pm

Meeting Overview

Seventeen people signed in but many families and staff attended so total attendance is estimated at more than 40. No comment cards were collected. Nine new subscribers signed up to receive weekly construction update emails. A dinner buffet from Baja Fresh was served starting at 5:30.

At 6:00 Nick Augustus welcomed the neighborhood to the meeting. He gave a brief overview of the project to date and explained the preferred alternative that was chosen and will be built. Nick also gave an overview of phases of the schedule, and what types of construction work will occur and when.

Nick introduced Destre Leifson who will be the construction project manager from the selected construction contractor, Stellar J. Destre introduced some of his team and talked in more detail about the anticipated work hours, types of excavation and construction work that will happen, including some blasting.

The presentation concluded at about 6:30 and neighbors finished eating, asked questions, and checked out the presentation boards.
